

"Assignments were extremely helpful—and reinforced not only the current lecture but prior lectures as well."

"I feel the professor made extremely difficult concepts easy to learn."

HOW IT WORKS:

- Access the courses anywhere you have internet
- Lectures and assignments are assigned weekly and can be completed on a schedule that works for you
- Online format allows you to take courses while having flexibility to pursue work opportunities
- Utilize live, online office hours with your professor
- Collaborate with your professor and classmates on class assignments
- Take your final exam online; grading follows your school's policy
- Comprehensive orientation ensures your comfort with the technology
- Email and phone support

Summer Online Courses
